## SUSTAINABLE POLICY

Aware of the importance of maintaining a sustainable tourism development, and assuming the principles specifically adopted in Sectorial Technical Standard NTS-TS 003, Colombia Underwater Expeditions SAS, undertakes to carry out a sustainable management of its activities, by adopting commitments oriented to prevent, eliminate or reduce the impact of our facilities and activities on the destinations we offer in our portfolio of services, as well as optimize the sustainability of Colombia Underwater Expeditions SAS, improving its behavior with the environment.

In the same hand, Colombia Underwater Expeditions SAS has adopted the following sustainable tourism policy, in which it undertakes to comply with the requirements established in Sectorial Technical Standard NTS-TS 003, which includes, among others, the legal requirements that regulate the effects generated by the tourist activity. Likewise, we commit to motivate and prepare our staff with training and awareness actions on the principles of sustainable tourism, to promote good environmental practices in the environment, to participate in external activities, and to report both internally and externally on the progress and Environmental actions of the company.

One of our main objectives is to improve sustainable management, assuming the commitments of continuous improvement in all areas of sustainability: socio-cultural, economic and environmental, as well as customer satisfaction. Colombia Underwater Expeditions SAS aims to turn Colombia into a diving destination in the world, through courses and specialized expeditions, taking our clients to unique and remote natural places where the sea is in excellent conditions, thus developing local economies based in a sustainable tourism of diving, and therefore to potentiate the conservation. Colombia Underwater Expeditions SAS focuses on being a sustainable travel agency, as it constantly develops eco-social projects in the regions visited. For this, the projects of future extensions of the facilities or activities will all be submitted to criteria of sustainability and efficiency in the use of resources. This sustainable tourism policy will be updated whenever circumstances require, adopting and publishing in both cases new sustainability objectives.

Colombia Underwater Expeditions SAS supports the generation of employment, under fair and equitable conditions, linking local communities directly. It avoids child labor exploitation in the programs it designs, operates, promotes or markets. It avoids the exercise of race or gender discrimination in the programs it designs, operates, promotes or markets.
